Notes

The following notes pertain to all sections of the 2001 Washington Public Library Statistical Report.

a) Population figures are based on the Office of Financial Management document: *State of Washington, 2001 Population Trends*, September 2001.

b) Percent of Change figures are calculated by comparing 2001 figures with those for 2000 for net increase and net decrease.

c) Subtotals are the calculation for each library grouping and the Grand Total is the calculation for the state.

d) Assessed valuation figures are based on data from the Department of Revenue.

e) Assessed valuation and local revenues of library districts include contracting and annexed cities.

f) Jr. Tax Levy Rates are actual levy rates for library districts.

g) Local Cents per $1,000 is the calculated levy rate for cities.

h) 2002 Salary Figures (Table 20) are shown in dollars per hour.

i) The Salary and Compensation Survey was combined with the Annual Statistical Data Survey for ease of submission for libraries. As a result, the data for the Salary and Compensation survey uses 2002 figures, whereas the Annual Statistical Data Survey is from 2001.

See the Glossary on pages 149-154 for definition of terms.

Glossary

ADULT CIRCULATION: (Table 11) This is the annual circulation of all adult materials in all formats to all users. It is a count of the adult materials that are circulated, no matter who borrows them. *See also: Children Circulation, Young Adult Circulation*

ADULT LIBRARY PROGRAMS: (Table 12) This is the number of programs for which the primary intended audience is adults (those over 18). A program or presentation is an information contact in which a staff member, or person invited by a staff member, provides information intended for a number of persons and planned in advance. Information service to groups may be either bibliographic instruction or library use presentations, or it may be cultural, recreational, or educational programs or presentations. Programs or presentations both on and off the library premises are included, as long as they are sponsored by the library. This does not include meetings sponsored by other groups using library meeting rooms. *See also: Children Library Programs, Library Programs, Young Adult Library Programs*

ADULT PROGRAM ATTENDANCE: (Table 12) The number of people of all ages attending programs or presentations intended for adults which are planned and sponsored by the library. *See also: Children Program Attendance, Young Adult Program Attendance*

AMOUNT PER CAPITA: *See: per Capita*

ANNUAL LIBRARY ATTENDANCE: (Table 13) This is the total number of persons entering the library per year including persons attending activities, meetings, and those persons requiring no staff services.

ANNUAL LIBRARY ATTENDANCE PER CAPITA: (Table 13) Library attendance per capita relates the total number of persons entering the library annually to the population of the library's legal service area. It is the annual attendance at the library divided by the population of the library's legal service area. This measure indicates the average number of library visits per person served.

ANNUAL PUBLIC SERVICE HOURS: (Table 9, 13) This is the total annual public service hours for all outlets combined. Both the main library and the branches are counted using the following instructions: "Report the sum of annual public services hours for service outlets. Includes central, branches, and bookmobiles. Does not include other outlets. For bookmobiles report only the hours during which the bookmobile is open to the public. Do not include hours for deposit collections or other similar service outlets."

ANNUAL REFERENCE TRANSACTIONS: (Table 13) This is the total number of reference transactions in the year. A reference transaction is an information contact that involves the knowledge, use, recommendations, interpretation, or instruction in the use of one or more information sources by a member of the library staff. The term includes information and referral service. Information sources include print and non-print materials, machine-readable databases (including computer-assisted instruction), catalogs and other holdings records and, through communication or referral, other libraries and institutions, and persons both inside and outside the library. When a staff member utilizes information gained from previous use of information sources to answer a question, report it as a reference transaction, even if the source is not consulted again during this transaction.

ANNUAL REFERENCE TRANSACTIONS PER CAPITA: (Table 13) This measure relates the number of information contacts which involve the knowledge, use, recommendations, interpretation, or instruction in the use of one or more information sources by a staff member to the population of the library's legal service area. It is the annual number of reference transactions divided by the population of the library's legal service area. This measure indicates the average number of times a resident of the library's legal service area received staff assistance in using information sources available at or accessible through the library.

ASSESSED VALUATION: (Table 4) This is the assessed value of property within the legal service area's geographic boundaries. This data is obtained from the Washington State Department of Revenue and State Auditor.

Serials include periodicals (magazines), newspapers, annuals (reports, yearbooks, etc.), memoirs, proceedings, and transactions of societies. Except for the current volume, unbound serials are counted as volumes when the library has at least half of the issues in a publisher's volume.
