

# Services to Libraries: 22<sup>nd</sup> Legislative District

The Washington State Library (WSL) ensures that residents of the entire state have access to educational materials, research capabilities, and resources that change lives. WSL achieves these goals using federal Library Services and Technology Act (LSTA) funds, which are dependent on state matching funding, to offer consulting services, grants, subsidies, training, and other programs that improve libraries.

## Awards & Subsidies

WSL provides funding to support local libraries through circulating STEM kits, professional development grants, digital literacy, early literacy programming, cost-sharing of online databases, and 24/7 online reference services.

## Total Federal Funding

 Statewide Library Projects  
 Awards & Subsidies  
 Washington Talking Book & Braille Library  
 Prison & Hospital Libraries

For every \$1 of state funding, the state receives approximately \$1.16 in additional federal LSTA funding to support libraries.

# \$46,352 to 22<sup>nd</sup> Legislative District libraries

The Washington State Library (WSL) is the only state agency specifically designated by law to assist local and regional libraries with library and information services. Below is just one example of how WSL has helped libraries in this district connect with communities and improve the quality of life for their patrons. This project and more, such as our new Lynda.com partnership, continue to drive our public libraries into the future.

One day, our librarians at WSL were able to help someone land a dream job. In order to accept this job, she needed to provide an official birth certificate. In order to get that birth certificate, she needed a piece of information from a very old newspaper. WSL has rooms full of microfilmed newspapers from all around the state. Thanks to our historic newspaper collection and the assistance of our librarians, the last piece of missing information was unearthed, and she was hired.
