

Initiative Measure No. 1158

filed March 23, 2011

BE IT ENACTED BY THE PEOPLE OF THE STATE OF WASHINGTON:

This initiative would change the official Washington State song from “Washington My Home” to “Not In Our House” by Sir-Mix-A-Lot.

In changing the state song it would honor the proud tradition of over 40 years of professional basketball in this state. It would also honor the only men’s professional franchise to ever win a championship in this state. The official state song would remain “Not In Our House” until such time as when a city in the state of Washington receives an NBA franchise. When a city in the state of Washington has an NBA franchise team, the official state song shall change back to “Washington My Home” upon the time of said franchise’s first home game in the state of Washington.
