AN ACT Relating to restoring long-term care services for eligible elderly and persons with disabilities; adding new sections to chapter 74.39A RCW; adding new sections to chapter 18.88B RCW; creating new sections; repealing RCW 18.88B.020, 18.88B.030, 18.88B.040, 74.39A.009, 74.39A.050, 74.39A.055, 74.39A.073, 74.39A.075, 74.39A.085, 74.39A.260, 74.39A.330, 74.39A.340, and 74.39A.350; and providing an effective date.

BE IT ENACTED BY THE PEOPLE OF THE STATE OF WASHINGTON:

NEW SECTION. **Sec. 1.** It is the intent of the people through this initiative to protect vulnerable elderly and people with disabilities by reinstating the requirement that all long-term care workers obtain criminal background checks and adequate training. The people of the state of Washington find as follows:

(1) The state legislature proposes to eliminate the requirement that long-term care workers obtain criminal background checks and adequate training, which would jeopardize the safety and quality care of vulnerable elderly and persons with disabilities. This initiative reinstates these critical protections for vulnerable elderly and persons with disabilities; and

(2) Taxpayers' investment will be protected by requiring regular program audits, including fraud investigations, and capping administrative expenses.

PART I

PROTECTING VULNERABLE ELDERLY AND PERSONS WITH DISABILITIES BY

REINSTATING CRIMINAL BACKGROUND CHECK AND TRAINING REQUIREMENTS

FOR LONG-TERM CARE WORKERS

NEW SECTION. **Sec. 101.** A new section is added to chapter 74.39A RCW to read as follows:

(1) All long-term care workers for the elderly or persons with disabilities hired after January 1, 2012, shall be screened through state and federal background checks in a uniform and timely manner to ensure that they do not have a criminal history that would disqualify them from working with vulnerable persons. These background checks shall include checking against the federal bureau of investigation fingerprint identification records system and against the national sex offenders registry or their successor programs. The department shall require these long-term care workers to submit fingerprints for the purpose of investigating conviction records through both the Washington state patrol and the federal bureau of investigation.

(2) To allow the department of health to satisfy its certification responsibilities under chapter 18.88B RCW, the department shall share state and federal background check results with the department of health. Neither department may share the federal background check results with any other state agency or person.

(3) The department shall not pass on the cost of these criminal background checks to the workers or their employers.

(4) The department shall adopt rules to implement the provisions of this section by August 1, 2010.

NEW SECTION. **Sec. 102.** A new section is added to chapter 74.39A RCW to read as follows:

The department must perform criminal background checks for individual providers and prospective individual providers and ensure that the authority has ready access to any long-term care abuse and neglect registry used by the department. Individual providers who are hired after January 1, 2012, are subject to background checks under RCW 74.39A.055.

NEW SECTION. **Sec. 103.** A new section is added to chapter 18.88B RCW to read as follows:

(1) Effective January 1, 2011, except as provided in RCW 18.88B.040, the department of health shall require that any person hired as a long-term care worker for the elderly or persons with disabilities must be certified as a home care aide within one hundred fifty days from the date of being hired.

(2) Except as provided in RCW 18.88B.040, certification as a home care aide requires both completion of seventy-five hours of training and successful completion of a certification examination pursuant to RCW 74.39A.073 and 18.88B.030.

(3) No person may practice or, by use of any title or description, represent himself or herself as a certified home care aide without being certified pursuant to this chapter.

Any long-term care worker failing to make the required grade for the examination will not be certified as a home care aide.

(2) The department of health, in consultation with consumer and worker representatives, shall develop a home care aide certification examination to evaluate whether an applicant possesses the skills and knowledge necessary to practice competently. Unless excluded by RCW 18.88B.040 (1) and (2), only those who have completed the training requirements in RCW 74.39A.073 shall be eligible to sit for this examination.

(3) The examination shall include both a skills demonstration and a written or oral knowledge test. The examination papers, all grading of the papers, and records related to the grading of skills demonstration shall be preserved for a period of not less than one

year. The department of health shall establish rules governing the number of times and under what circumstances individuals who have failed the examination may sit for the examination, including whether any intermediate remedial steps should be required.

(4) All examinations shall be conducted by fair and wholly impartial methods. The certification examination shall be administered and evaluated by the department of health or by a contractor to the department of health that is neither an employer of long-term care workers or private contractors providing training services under this chapter.

(5) The department of health has the authority to:

(a) Establish forms, procedures, and examinations necessary to certify home care aides pursuant to this chapter;

NEW SECTION. **Sec. 106.** A new section is added to chapter 74.39A RCW to read as follows:

The department's system of quality improvement for long-term care services shall use the following principles, consistent with applicable federal laws and regulations:

(1) The system shall be client-centered and promote privacy, independence, dignity, choice, and a home or home-like environment for consumers consistent with chapter 392, Laws of 1997.

(2) The goal of the system is continuous quality improvement with the focus on consumer satisfaction and outcomes for consumers. This includes that when conducting licensing or contract inspections, the department shall interview an appropriate percentage of residents, family members, resident case managers, and advocates in addition to interviewing providers and staff.

(3) Providers should be supported in their efforts to improve quality and address identified problems initially through training, consultation, technical assistance, and case management.

(4) The emphasis should be on problem prevention both in monitoring and in screening potential providers of service.

(5) Monitoring should be outcome based and responsive to consumer complaints and based on a clear set of health, quality of care, and safety standards that are easily understandable and have been made available to providers, residents, and other interested parties.

(6) Prompt and specific enforcement remedies shall also be implemented without delay, pursuant to RCW 74.39A.080, RCW 70.128.160, chapter 18.51 RCW, or chapter 74.42 RCW, for providers found to have delivered care or failed to deliver care resulting in problems that are serious, recurring, or uncorrected, or that create a hazard that is causing or likely to cause death or serious harm to one or more residents. These enforcement remedies may also include, when appropriate, reasonable conditions on a contract or license. In the selection of remedies, the safety, health, and well-being of residents shall be of paramount importance.

(7) All long-term care workers shall be screened through background checks in a uniform and timely manner to ensure that they do not have a criminal history that would disqualify them from working with vulnerable persons. Long-term care workers who are hired after

January 1, 2012, are subject to background checks under RCW 74.39A.055. This information will be shared with the department of health in accordance with RCW 74.39A.055 to advance the purposes of chapter 2, Laws of 2009.

(8) No provider, or its staff, or long-term care worker, or prospective provider or long-term care worker, with a stipulated finding of fact, conclusion of law, an agreed order, or finding of fact, conclusion of law, or final order issued by a disciplining authority, a court of law, or entered into a state registry finding him or her guilty of abuse, neglect, exploitation, or abandonment of a minor or a vulnerable adult as defined in chapter 74.34 RCW shall be employed in the care of and have unsupervised access to vulnerable adults.

(9) The department shall establish, by rule, a state registry which contains identifying information about long-term care workers identified under this chapter who have substantiated findings of abuse, neglect, financial exploitation, or abandonment of a vulnerable adult as defined in RCW 74.34.020. The rule must include disclosure, disposition of findings, notification, findings of fact, appeal rights, and fair hearing requirements. The department shall disclose, upon request, substantiated findings of abuse, neglect, financial exploitation, or abandonment to any person so requesting this information. This information will also be shared with the department of health to advance the purposes of chapter 2, Laws of 2009.

(10) Until December 31, 2010, individual providers and home care agency providers must satisfactorily complete department-approved orientation, basic training, and continuing education within the time period specified by the department in rule. The department shall adopt rules by March 1, 2002, for the implementation of this section. The department shall deny payment to an individual provider or a home care provider who does not complete the training requirements within the time limit specified by the department by rule.

(11) Until December 31, 2010, in an effort to improve access to training and education and reduce costs, especially for rural communities, the coordinated system of long-term care training and

education must include the use of innovative types of learning strategies such as internet resources, videotapes, and distance learning using satellite technology coordinated through community colleges or other entities, as defined by the department.

(12) The department shall create an approval system by March 1, 2002, for those seeking to conduct department-approved training.

(13) The department shall establish, by rule, background checks and other quality assurance requirements for long-term care workers who provide in-home services funded by medicaid personal care as described in RCW 74.09.520, community options program entry system waiver services as described in RCW 74.39A.030, or chore services as described in RCW 74.39A.110 that are equivalent to requirements for individual providers. Long-term care workers who are hired after January 1, 2012, are subject to background checks under RCW 74.39A.055.

(14) Under existing funds the department shall establish internally a quality improvement standards committee to monitor the development of standards and to suggest modifications.

(15) Within existing funds, the department shall design, develop, and implement a long-term care training program that is flexible, relevant, and qualifies towards the requirements for a nursing assistant certificate as established under chapter 18.88A RCW. This subsection does not require completion of the nursing assistant certificate training program by providers or their staff. The long-term care teaching curriculum must consist of a fundamental module, or modules, and a range of other available relevant training modules that provide the caregiver with appropriate options that assist in meeting the resident's care needs. Some of the training modules may include, but are not limited to, specific training on the special care needs of persons with developmental disabilities, dementia, mental illness, and the care needs of the elderly. No less than one training module must be dedicated to workplace violence prevention. The nursing care quality assurance commission shall work together with the department to develop the curriculum modules. The nursing care quality assurance commission shall direct the nursing assistant training programs to

accept some or all of the skills and competencies from the curriculum modules towards meeting the requirements for a nursing assistant certificate as defined in chapter 18.88A RCW. A process may be developed to test persons completing modules from a caregiver's class to verify that they have the transferable skills and competencies for entry into a nursing assistant training program. The department may review whether facilities can develop their own related long-term care training programs. The department may develop a review process for determining what previous experience and training may be used to waive some or all of the mandatory training. The department of social and health services and the nursing care quality assurance commission shall work together to develop an implementation plan by December 12, 1998.
