

FORMATTING NOTE:

In initiatives, legislative bills and other proposed measures, language that is to be deleted from current statutes is represented by a "strikethrough" character and language that is to be added is underlined. Because these special characters cannot be formatted in all Internet browsers, a different set of symbols is used for presenting these proposals on-line. The symbols are as follows:

- Text that is surrounded by (({- text here -})) is text that will be DELETED FROM the existing statute if the proposed measure is approved.
- Text that is surrounded by {+ text here +} is text that will be ADDED TO the existing statute if the proposed measure is approved.
- {+ NEW SECTION+} (found at the beginning of a section or paragraph) indicates that ALL of the text in that section will become law if the proposed measure is approved.
